

FRAVOL'S TOP EDGE BANDER CHOICES

MASTER Series

Voltage	Weight (kg)	Footprint (mm) W x L x H
460/3/60	950	1285 x 3433 x 1425

Fravol DNA

- Very easy to use touch screen panels
- Build with right hand feed and large entrance fences
- Pre-milling tools are LEITZ with diamond inserts
- Equipped with RIEPE liquid stations to assist in panel cleaning
- Teflon coated glue pot - inside & out. Cleaning is easy!
- Quick change glue pot system for colour changes
- All machines can run the following glue types: EVA, PO & PUR*
* PUR not suggested given PO performance & maintenance requirements
- Excellent compatibility with PO (polyolefin) glue, features are similar to PUR but is non toxic & offers easier glue pot cleaning
- Patented Multi-profile tools allow 1-3mm radius in a single tool plus 30 degree bevel and flat profile
- Nesting set-up of Trim/Bevel/Chamfer units allows effortless banding of panels with hinge or fitting drillings on edging side

FAST Series

Voltage	Weight (kg)	Footprint (mm) W x L x H
460/3/60	1200	1270 x 4310 x 1570

SMART Series

Voltage	Weight (kg)	Footprint (mm) W x L x H
460/3/60	1700	1300 x 5500 x 1700
